#### COMMITTEE OF FINANCE.

1899) \$9,052.30." These bills have been carefully examined by your committee, and the amount corresponds with the bills, consisting of regular and legitimate expenses of that Bureau, being for rents, bags, stamps, clerk nire, over-time of clerks, stationery, books, printing, etc., and we have re-commended that this amount be appropriated. The next item is "Incidentals Postal

Bureau, \$6,000."

With the great increase in business in this department, we realize the ne cessity of more money to carry on the work successfully, and we recommend that the full sum of \$6,000 be appropri-

Next item is "Postal Money Order Capital, \$3,50s." We find that it is necessary at times to have capital to conduct this important branch of the Postal Bureau, and that the amount asked for is not more than is absolutely necessary. We therefore recommend that this amount be

appropriated.

In the Customs Department the fol-lowing items are asked for: "Incident-als Customs Bureau (unpaid bills, 1899) \$1,232.32."

These bills have been examined in detail and the amount asked for agrees with the bills; they consist of expenses at Hilo, Mahukona and Honolulu, and are for rents, electric lights, telephones, salaries, printing, books and
sundry items, and we recommend that
the amount be appropriated.

The next item is "Damage done ship
Santa Clara by carelessness of assistant harbor master in docking ship to
railroad wharf, \$75."

Upon investigation we are satisfied

it was more accidental than "careless-ness," and recommend that the amount

The next item is "Incidentals Cus-toms Bureau, \$2,000." We are advised by the Minister of Fi-nance that the amount in the regular appropriation bill for this is \$10,000, but we find, with the great increase of pusiness in this department, that the extra amount asked for will hardly meet the pressing needs, which have already been considerably reduced by the Executive, and we recommend that the full amount be appropriated, especially as it is for the entire Islands.

Respectfully submitted, P. C. JONES, C. BOLTE. M. A. GONSALVES.

#### Halll Church Opens.

After a lapse of eighteen years the clang of the hammer is heard in Haili church and improvement is the order of the day. During the able ministry of Rev. S. L. Desha the congregation at Haili has grown and the members have felt for some time past that bet-ter accommodations were needed. Some who were not members coincided and the result was that Contractor Lewis was asked to estimate on the cost of certain repairs and improvements. Today Haili presents a much better appearance than it did a year ago.

In order to meet the expense of alterations to the church there will be a concert given at Spreckels' Hall tomor-

row night. The best talent in Hilo has volunteered. There will be special services at the church next Sunday morning and again on Sunday evening. For the latter Mrs. J. T. Lewis and Dr. P. Rice have arranged a musical pro-gram that should be apprepriated.— Hawaii Herald.

#### MANY A MOTHER'S WISH.

Many a mother of a peevish, restless sickly child has wished that her little one was as strong and rugged as an Indian babe. Such mothers can make their children strong and well, if they rid the child's system o fworms, which cause nine-tenths of children's troubles. Kickapoo Indian Worm Killer will do it. For centuries the Indians used it to mack their babes rugged, powerful, fearless. What it has done for the child of the forest it will do for the child of the civilized-cure. That is what ith as been doing for years. You can get it of your druggist for 25 cents. Be sure to get the genuine. The child's life is too precious to trifle with worthless substitutes. Yale's Fayerweather Dormitory New Haven, March 8.-Plans for the new Fayerweather dormitory at Yale have been made public. The new dormitory will be on Elm street opposite the Oval from White Hall and will be an almost exact counterpart of White Hall, being built of red brick with terra-cotta trimmings. The building will be completed in time for occupa-pancy in the fall of 1901 and upon the completion North College and Lyceum will be torn down. The Fayerweather uormitory is to be built from the funds of the Fayerweather legacy to Yale, amounting to \$300,000.

In anticipation of the Greater Yale, a lot was purchased on Wall street from George R. Cooley. The lot has a frontage on Wall street and its purchase was in line with the policy of Yale to buy up all the land in that block. The cost was \$25,000.
